with capabilities that are
unmatched by other editors. With
WEBEDIT you can easily use to
create, format and edit text
documents. Q: Select2 сделать
подбор в диалог Мне нужно
сделать подбор в диалог.

Можно ли на jQuery сделать подбор в диалоге? Вот пример того как это работает в select2.

А: То что Вы хотите делать на jQuery нельзя. Советую использовать тему select2 и код с ней, если считать подбор в диалоге. Если мне в помощь вы придете, 1d6a3396d6

Upload your target files here and then proceed to edit them and make subtitles. Add subtitle lines one by one or click the "Create" button to drag and drop lines and then adjust their locations. Easily move or delete lines you don't need. Preview your subtitles and view the playback controls. Crop and resize text. Recolorize and adjust brightness and contrast. Share your finished subtitles on

various social media. ASMAN
SUBMaker Main Features:
Support AVI, MPG and WMV as
file types. Highlight each button
and key to make sure it is
selected or used with no hassle.
Easily drag and drop subtitles to
edit and adjust their locations.
Quickly perform addition,
deletion, and moving for multiple
lines of subtitles. Preview the
subtitles before creation and
playback controls for better
results. Some features require

certain timing of video and subtitles, and to be able to keep up with it, a frame grabber is required. ASMAN SUBMaker allows you to record video and subtitles to edit as a package and export it as one. Since the interface and creation process are user-friendly, you can create your subtitles even for non-English movies. Moreover, you can easily edit and control various subtitles, and you can even share them online. ASMAN SUBMaker

Main Features: Since it is so easy to use, you can create subtitles even for non-English movies. Quickly perform addition, deletion, and moving for multiple lines of subtitles. Preview the subtitles before creation and playback controls for better results. Some features require certain timing of video and subtitles, and to be able to keep up with it, a frame grabber is required. ASMAN SUBMaker allows you to record video and

subtitles to edit as a package and export it as one. Since the interface and creation process are user-friendly, you can create your subtitles even for non-English movies. Moreover, you can easily edit and control various subtitles, and you can even share them online. ASMAN SUBMaker Pro Subtitles Editor Features: With ASMAN Subtitles Editor, you can easily create subtitles for all sorts of movies. Create multiple subtitle lines and add, move, and

remove them. Record and record audio as the video. Advanced functions like colorizing, making the subtitles brighter, and changing the contrast will make your subtitles look unique. Work with DVD-based subtitles, and export
